10-Year Plan Update

In December 2016, the Regional Transportation Council approved a 10-Year Plan identifying major projects to be implemented in the region by Fiscal Year 2026. An updated draft of the project list out to Fiscal Year 2030 will be presented for review and comment.

Mobility 2045 Update: The Metropolitan Transportation Plan for North Central Texas

One of the primary responsibilities of a Metropolitan Planning Organization is the development and maintenance of a Metropolitan Transportation Plan (MTP). NCTCOG staff has initiated the development of an update to the current MTP, Mobility 2045, and will provide an overview and proposed timeline for the Plan.

2020 Ozone Season and Transportation Trends

As the region enters the peak of ozone season, attainment of both the 2008 and 2015 air quality standards remains critical. An update on ozone monitor readings as well as impacts from COVID-19 on the transportation system will be provided.

EV and NG Data Collection Project

Staff will give an update on two upcoming fleet data collection projects for natural gas and electric vehicles. The natural gas vehicle data will be used to compare natural gas maintenance costs to those of diesel vehicles in order to help fleets make more informed decisions about future purchases. The electric vehicle project will focus on understanding vehicle and charging station patterns and performance data that will aid research planning.
